## Reusable Pallet

Defining Plastic Pallets

Looking for a heavy duty plastic pallet that can work in your cold storage? The answer, is the 48x40 Polar pallet. Through high-pressure injection molding, this superior impact resistant pallet can withstand extreme hardships, allowing it to be the most economical heavy duty plastic pallet on the market today. Made from high density polyethylene, the Polar pallet can withstand sub-zero temperatures, making it the most ideal choice for cold storage applications.
