

Proteus

Display Pallet

Defining Plastic Pallets

TranPak's Proteus pallet is an extremely durable plastic display pallet. Built as tough as a tank, the Proteus is more than capable of absorbing extreme impacts, creating an efficient solution for creating in-aisle or end-of-aisle displays.

Pallet Jack Accessibility

No Additional Parts or Assembly Needed

Features

- Extreme impact durability
- Reduce safety liabilities by eliminating the sharp edges, splinters, and nails caused by wood alternatives
- Heavy duty solid body, designed to accommodate a variety of load sizes and weights.

SPECIFICATIONS

ITEM	DIMENSIONS			WEIGHT	LOAD CAPACITY			# IN A STACK	MATERIAL
	Length	Width	Height		Static	Dynamic	*Edge Racking		
114219	48"	24"	5"	26.5 lbs	10,000	1,800	N/A	38	HDPE/PP

*Rated racking capacity is for standard edge racking where pallet is only supported by two points at the edges. Racking capacity for other types of racks will be different. Nominal specifications subject to change without notice. Product performance characteristics vary with application.
In A Stack is based upon 96" height of standard LTL carriers.
