Dynamic (Forklift) Capacity	4,000 lbs
Racking (Edge) Capacity <sup>(1)</sup>	NA
# In A Stack (LTL / FTL) <sup>(2)</sup>	18 / 20
Truckload Qty	600
Material	HDPE

The Ranger Light is an excellent structural foam injection molded pallet for stacking and light racking in a reusable environment. This pallet is economical and will work very well in wire deck racking environments. Consider the Ranger Light as an economical warehouse pallet.

<sup>(1)</sup>Rated racking capacity is for standard edge racking where pallet is only supported by two points at the edges. Racking capacity for other types of racks will be different. Nominal specifications subject to change without notice. Product performance characteristics vary with application.

<sup>(2)</sup># In A Stack: LTL (Less Than Truckload) = is based upon 96" height of standard LTL carriers. FTL (Full Truckload) = is based upon height of standard 53' trailers.
