

# Macro 33S

## Plastic Agricultural Bin

SPECIFICATIONS	
Item #	33S
Exterior Dimensions	48" x 45" x 30.5"
Interior Dimensions	43" x 46" x 25.7"
Load Capacity (ft³)	30 ft³
Load Capacity (gallons)	225 gallons
Load Capacity (liters)	851 liters
Load Capacity (lbs)	1,300 lbs
Weight	93 lbs
Truckload Quantity (FTL <sup>(1)</sup> )	108

Dimensions assume tolerance of 1/4". Volume capacities assume tolerance of 5% and tare weights assume a tolerance of 4% unless noted otherwise. Ambient temperature approximately equal to 75°F.

<sup>(1)</sup>FTL = Full Truckload - based on 53' standard trailer.

The Macro 33 Solid bins are designed to hold up to 1,300 pounds. Built to be lightweight with a four-way entry, this field bin can be easily transported from the field into cold storage.

### Features and Benefits

Rounded corners and smooth surfaces mean fewer scuffs, abrasions, and cuts on your tender fruits. Risk of contamination is reduced because there are fewer places for unwanted particles to hide.

FDA-approved materials are certified safe for use with food products, eliminating many HACCP problems associated with wood bins

Lightweight construction reduces shipping costs and makes MacroBins easier to move; the direct load corner posts and interlocking foot design make them safer to stack – up to 9 high.
